1/16 of an inch will be cut off of each side indicated by the cut line.

All text, logos, or other important aspects of your document that you DON'T want cut off should be inside the safety line indicated by the green line, 1/8 of an inch from the edge of your document on all 4 sides.

Your background colors or designs should go to the edge of the document, this is called a bleed line.

All artwork must be in CMYK. For all Illustrator files, all text needs to be outlined. All Photoshop files must be 300 dpi at full size then flattened and converted to a jpeg at the highest quality.
